Stewardship

1 Peter 1:18-19 – “You were ransomed from the futile ways inherited from your forefathers, not with perishable things such as silver or gold, but with the precious blood of Christ, like that of a lamb without blemish or spot.” Christ ransomed us and bought us back from the slavery into which we were born. We do not belong to ourselves, to the devil or to the world. We belong to Jesus. Therefore, we live our lives not in accordance with our own wisdom, but in line with God's Word.

Your gifts and offerings are crucial for our congregation to fulfill God's calling in our community. We thank all those who have continued to give during these trying times. We

have many ways for you to provide offering to your church during this time away from the campus. You can mail them to the church or make bill pay arrangements through your bank, but did you know that you can now make your tithes and offerings safely and securely online? Just go to bit.ly/FaithEustisGiving to provide your offerings & gifts today!

Redeeming Life Outreach Ministries, Inc.

Easter greetings to you. Christ is Risen! He is Risen, Indeed. Alleluia! What joy we share in this faith-filled declaration of the Resurrection.

I write today to say thank you for your support for our ministry and to share an amazing true story of new life with you. A young woman, beautiful with dark, dark hair, received confirmation of her worst fears—pregnant. Her abusive live-in partner was jailed, leaving her alone in an apartment she couldn't afford. With a menial job, no options, and no family to help, she scheduled an appointment to end this pregnancy. Yet something within her made her doubt she could go through with it.

With doubt hanging over her, she pored over search hits on her phone, looking for anything to silence her growing unease. What she found was the Redeeming Life website. She applied online. Two days later, she interviewed with RLOM staff. Four days later, she moved in. Months later, her precious little one was born.

It wasn't until she settled into the maternity home that she dared to think of this as a baby and not as a problem; she began to have hopes and dreams of parenting the little one and supporting this life. Here at Redeeming Life, this determined mom learned about budgeting, getting and keeping a job, social skills, and how to manage a secure home.

Most impactful of all is that she met Jesus.

Attending weekly worship and bible class with our staff and studying the Word in daily devotions and prayer, she learned of Jesus' redeeming love, and she wanted to be baptized into God's family just as her little baby was!

Your support for the ministry of RLOM made this redemption story possible! **Will you prayerfully consider making a gift to make sure moms in Florida and Illinois find help when they need it most?** Please share a gift now, or sign up as a monthly donor to provide consistent support year-round! Together by God's grace, we can write more stories of redemption!

Give securely online by [clicking here](https://www.rlom.org/donate), (https://www.rlom.org/donate) or by mailing a donation to Redeeming Life PO Box 1496 Sanford, FL 32772-1496.

Serving God and His children,
Sheryl DeWitt, Executive Director

PS- Share this story with others who could partner with us to support God's gift of life!

Update on New Immunization Coverage for Seniors 65+ on Medicare

A new prescription drug law went into effect this year and additional vaccines are now available at no out-of-pocket cost to people with Medicare Part D insurance. These vaccines include:

- **Hepatitis A** – prevents hepatitis from contaminated food and water.
- **Hepatitis B** – prevents hepatitis from contact with contaminated blood and body fluids.
- **Tetanus/diphtheria (Td)** – needed every 10 years and should also be given for deep or dirty wounds if previous tetanus vaccine was given 5 years ago or more.
- **Tetanus/diphtheria/pertussis (whooping cough) (Tdap)** - needed every 10 years and should also be given for deep or dirty wounds if previous tetanus vaccine was given 5 years ago or more. Adults who are in contact with infants (for example, parents, grandparents, day care and health care workers) should also receive one dose of Tdap vaccine to prevent transmitting pertussis to babies who can become severely ill or die with the disease.
- **Shingles** – 2-dose vaccine series (Shingrix) that prevents development of herpes zoster, a disease causing painful, oozing blisters, fever, upset stomach, headache, and chills. The CDC suggests that the 2-dose Shingrix series be given even if a person has received the older single-dose Zostavax as Shingrix is much more effective.

Flu shots, pneumococcal vaccines, and COVID-19 vaccines are still covered by Medicare. Talk to your health care provider about getting these vaccines.

Dear Mrs. Thomas,

It was a pleasure meeting you. We wanted to personally thank you for yours and your church's amazing donations! With your contribution to our Food Bag Program, we were able to help 76 kids and 46 adults.
